SUMMARY DECISION SHEET

Purpose: Commissioner Decision – DLI366

Timing: Routine

Title: Award for Road Victim Support Service

Category of Decision / Business Area Impact: Commissioning

Executive Summary:

Following a year two pilot running until 31st March 2025, the PCC agreed to formally procure a Road Victim Support Service in partnership with South Wales OPCC and with the potential to develop in future into an All-Wales service model. The service will provide emotional and practical support to individuals and families bereaved by fatal collisions, including specialist bereavement and trauma support. The service will ensure that specialist support is available for children.

The tender opportunity was advertised on Sell2Wales and through the Official Journal due to the framework value being over the tender threshold, therefore an FTS tender was required. 3 tender responses were submitted and received electronically through Etenderwales complying with procurement legislation. Following a compliant tender evaluation, Victim Support ranked first place, demonstrating that they offered the most economically advantageous and technically compliant service. This was also the result for the South Wales lot, meaning that a joint service will run across the 2 Force areas.

Recommendation:

The PCC approve the award of contract for the Road Victim Support Service to Victim Support for a period of 3 years with up to 2 annual extension periods. The total cost for the provision over the initial three-year period is £134,733.73. The cost of the service will be funded through the PCC's Innovation Fund.

Police and Crime Commissioner for Dyfed-Powys

I confirm I have considered whether or not I have any personal or prejudicial interest in this matter and take the proposed decision in compliance with the Nolan Principles for Conduct in Public Life.

The above recommendation has my approval.
